**OPERATOR OVERVIEW**

GREATER MINNESOTA  
GAS

**Greater Minnesota Gas, Inc. (GMG)** is a regulated natural gas energy company providing natural gas distribution service to residential, commercial, industrial and agricultural customers in primarily rural Minnesota. Pipeline sizes range from two to six inches in diameter and are comprised of medium density plastic, high density plastic and steel.

GREATER MINNESOTA  
TRANSMISSION

**Greater Minnesota Transmission, LLC (GMT)** is a regulated natural gas energy company providing natural gas access to rural Minnesota. Pipeline sizes range from three to sixteen inches in diameter and are comprised of high density plastic and steel.

To deliver natural gas safely and reliably throughout the state, we have three Operational Service Centers to support our pipeline systems:

**GMG Service Center Southern MN**  
1900 Cardinal Lane, PO Box 798  
Faribault, MN 55021

**GMG Service Center Northern MN**  
22854 County Highway 6  
Detroit Lakes, MN 56501

**GMG Service Center Central MN**  
22 5th Street, Building 1  
Swanville, MN 56382

**SAFETY IS OUR TOP PRIORITY**

We are committed to public safety, health and the environment through protection, operation, maintenance and routine inspection in compliance with all applicable rules and federal regulations. Our technicians are trained to assure a safe response to operational issues and gas-related emergencies. We conduct periodic leak inspection and patrol for activities near pipelines that may have an impact on safety.

Our Pipeline Awareness Program helps prevent third-party damage and increases the public's awareness of steps to take in the event of any pipeline emergency.

For a copy of our Integrity Management Plan, Damage Prevention Plan, Pipeline Awareness or Emergency Response Plan please call us at (888) 931-3411.

**HOW CAN YOU TELL WHERE A PIPELINE IS LOCATED?**

Natural gas pipelines are installed underground. Therefore, to identify the approximate location, line markers are installed with the company name and emergency telephone number.

**HOW WE RESPOND IN THE EVENT OF A PIPELINE LEAK OR LINE HIT**

To prepare for an event, we communicate, plan and train with local emergency responders. Upon notification of an event, trained and qualified personnel are dispatched in response. Our technicians, in partnership with emergency responders, are trained to protect life, property and facilities.

**EMERGENCY CONTACT:**  
**(888) 931-3411**

**PRODUCTS/DOT GUIDEBOOK ID#/GUIDE#:**

Natural Gas	1971	115

GMG offers training to emergency response organizations on the hazards of and how to respond to gas-related emergencies at no cost. If you are interested in this training, please call (888) 931-3411.

**ALWAYS CALL BEFORE YOU DIG**

Whether you are a professional excavator or homeowner, in accordance with Minnesota State law, you must contact Gopher State One Call (GSOC) before starting any excavation project if you are using any machine-powered equipment of any kind, or explosives. You may be simply installing a new mail box or planting a tree, whatever the project may be, contacting GSOC before starting your project may allow you to avoid costly damages to underground facilities. Call 811 or visit: www.gopherstateonecall.org to start the process. Allow at least two business days before digging.
