

Utility Protection for Active Military Households

Thank you for your service

Minnesota Statute Chapter 325E.028 provides protection for residential households of military personnel that have been ordered into active duty, deployment, or permanent reassignment to a new duty station. To apply for protection during this period, call us to begin the application process, or visit our website. Verification of household income is required.

In the unlikely event that GMG and the customer are unable to agree on the establishment, reasonableness, or modification of a payment plan, or on the reasonable timeliness of the payments under that payment plan, GMG will provide a commission-approved written notice of the right to appeal to the Minnesota Public Utilities Commission. GMG will not disconnect service while a payment plan is pending appeal, or until any appeal involving payment schedules has been determined by the commission.

We are here to help.
