

Energy Conservation and Optimization Program (ECO)

The Minnesota Public Utilities Commission approved GMG's requested reduction of the Conservation Cost Recovery Adjustment, shown as CCRA on your bill. Effective January 1, 2026, your bill will show a decrease in the CCRA, from \$0.044070 to \$0.02545 per therm, or from \$0.44070 to \$0.2545 per dekatherm. The CCRA is used to fund the Energy Conservation and Optimization Program, per state law.

If you have any questions, please contact us at **1-888-931-3411** or **www.greatermngas.com**. Thank you.

The Energy Conservation and Optimization (ECO) Program helps Minnesota households and businesses use natural gas more efficiently — conserving energy, reducing carbon dioxide emissions, and lessen the need for new utility infrastructure. The Minnesota Department of Commerce, Division of Energy Resources (DER) oversees the ECO program.
